CENTENNIAL ROCKRAMA

PERSHING
AUDITORIUM

LINCOLN NEBRASKA

WELCOME

On behalf of the Lincoln Gem and Mineral Club I should like to extend to each of you a hearty welcome to our show. This year to help celebrate Nebraska's Centennial year we have added a number of special features and exhibits.

Most of the exhibits you will view at this show are from the private collections of our members and guest exhibitors who are interested in one field or another of earth science or lapidary as a hobby. Like most avid hobbyists we enjoy talking about our collections and creations. If you have any questions concerning the exhibits or a phase of our hobby feel free to ask us. We can be identified by the ribbons each of us wears.

We hope you will find our show educational and entertaining and receive as much pleasure during the time spent at the show as we do in sharing our hobby with you.

Gene L. Eno
President
