THE PICK & SHOVEL

1960-1970

I'd rather see a sermon  
than to hear one, any day;  
I'd rather one would walk with me  
than just show me the way.

I can soon learn how to do it  
if you'll let me see it done;  
I can watch your hands in action  
but your tongue too fast may run.

All the lectures you deliver  
may be very wise and true;  
But I'd rather get my lesson  
by observing what you do.

Though I may not understand you  
and the fine advice you give;  
There is no misunderstanding  
in how you act and how you live.
