| | Marie Taylor |

Welcome to the Lincoln Gem & Mineral Club's 29th Annual Show. We are sure you will enjoy our dealers, demonstrators and programs. We have some beautiful as well as interesting special displays, some of which have never been shown in public. We have a very fine working shop.

Come in, take your time, you won't want to miss anything in our 1987 "Circus of Gems."

Kevin Schwartman, President

* * * * *

Welcome to our 29th Annual Gem and Mineral Show which will open up a spectrum of joy and appreciation of our Earth and Mother Nature to all. As a spectrum of light sheds a multitude of beauty and color-so does this hobby. As one looks at the "Rockhound" many doors of light open into the hidden beauty contained in our "Rockhound Hobby." These doors reveal minerals, gemstones, fossils, silver, gold, and many other treasures provided by and from earth.

We have on display many of these items for you to enjoy, also twelve Rock & Gem Dealers on the floor where you may find some of the hidden 'colors' of our hobby which will enhance your collection of the 'spectrum' of the rock hobby light.

There is a restaurant in the building so you can enjoy the show all day, many round tables at which one can sit and join into a conversation with others about our colorful hobby. Please visit the working shop and see 'how' they bring out the beauty. Visit with the Juniors in their booth and check on other 'Rockhound' activities in the state at the State Booth and at the Club Information booth.

Thanks to you, our visitors, for letting us share our fascination and enthusiasm again this year.

James Marburger, Show Chairman
