Lincoln, Nebraska**

### President's Welcome

Welcome to the Lincoln Gem and Mineral Club's 50<sup>th</sup> Annual Show. In addition to being our Golden Anniversary, this show is held in conjunction with the Midwest Federation of Mineralogical Societies' and the Nebraska Association of Earth Science Clubs' annual conventions. I hope you enjoy the show. This year's displays, demonstrators, dealers, and programs are exceptional. Our club's members have worked hard over the past year to provide a wide variety of gems, minerals, and fossils that will appeal to everyone. My thanks to the committee who worked to bring this show together, along with the club members, invited exhibitors, demonstrators, speakers, and each of you visitors. Have a great time!

*Jerry Anderson*, President

### Show Chairman's Welcome

Perhaps this is your first visit to a Lincoln Gem and Mineral Club Show, or perhaps it is your 50th. We have enjoyed a half a century of putting on shows and we are looking forward to the next half century. We have experienced many changes in our hobby, from the kinds of material we collect and turn into finished gems to the changes in technology we use to collect and fashion gems. But most importantly, we have cherished our relationships with all of you who have supported our events over these 50 years. We thank you, our show visitors, for without your support, none of this would have ever been possible.

*Roger K. Pabian*, Show Chairman

### Your Show Committee

Chairman:	Roger K. Pabian
Assistant Chairman:	Charles Wooldridge
Special Projects & Features:	Roger Pabian
Dealers:	John Harrison
Displays:	Eddie Ridge
Lodging & Banquet Facilities:	Charles Wooldridge
Field Trips:	Charles Wooldridge, Roger Pabian

Dear Club Members

As you may have heard the reason for missing the Federation show hosted by your club was because of Helen having extreme pain and discomfort. We had left home and were in the middle of Wyoming when she couldn't go on. I called John Harrison and told him we were turning back to Salt Lake City. After a month of extreme discomfort and 3 nights in the hospital with many visits to a wide range of doctors she has vertibie in her neck that will need fussed. They found with a MRI that she had blood clots in here leg, lungs and heart. However they have been able to give her blood thinners and such to help reduce the clots and relieve some of her discomfort.

We had hoped that we could receive a refund of \$600,00 for our booth space, as we understood it was rerented to another dealer. This would be of a great help for us as we have had many medical bills and such.

Hopefully you will give this your full attention.

Thank you

Charlie and Helen Smith

Long time supporters of the Lincoln Gem & Mineral clubs annual Show

December 30, 2008

MWF Treasurer, Norman Hanschu  
6607 Sturbridge Lane  
Canton, MI 48187

Treasurer Hanschu,

As hosts of the Midwest Federation Show/Convention, the Lincoln Gem and Mineral Club sustained a financial loss.

As Treasurer of the Club, it was brought to my attention by our 2008 Show Chairman, Roger Pabian, to submit a copy of our Profit/Loss Report of the Show to the MWF President and Treasurer.

In turn, some assistance would be provided by MWF to re-coup some of our loss.

Enclosed is a copy of our Show Financial Report.

Check may be mailed to - Lincoln Gem & Mineral Club, Inc.  
P.O. Box 5342  
Lincoln NE 68505  
Special Attn: Vera Lyman, Treasurer

Thank You so much for your prompt attention in this matter.

Sincerely,

*Vera Lyman*

Dear Terri,

It comes to my attention that it is just 18 months until our Contract 106200.2 for the use of Pershing Center on March 28-29, 2009. We would like to know what the rental rate schedule will be so that the Show Chairman can formulate a budget for said Show.

Also, please find enclosed Check #4366 for \$ 700.00 for our deposit balance for our "2008" Show.

We look forward to your reply and THANK YOU for your attention in this matter.

If you have any questions, please call me at (402)464-6089.

Sincerely,

*Vera Mae Lyman*

Subject 2008 Show Report

## 2008 Show Report

Assistant Show Chairman: I have asked Charles Wooldridge to serve as assistant show chairman. This will be a good experience for him as he will be doing the job again in 2009. Please give him your support.

Dealers: All 14 dealers have been contracted. There will be several new dealers to our show, and John Harrison will have the up to date list available. I would provide this data, except there were a couple of late changes in the dealer make up.

Demonstrators: Phil Rose is currently contacting both the selling and non-selling demonstrators. It is likely that we will have a couple of new additions and a couple of deletions from previous shows. The changes in the show date has forced a few demonstrators out and has allowed for a couple of newer ones to come in.

Featured Displays: Bill Breckenridge and Danny Replogle will again show their fossils and artifacts collected from stream beds in Oklahoma. This exhibit was very popular with show visitors last year. Dean Heflin from Pickering, Missouri, will show lapidary specialties and agates from northwestern Missouri. Carl and Nova Wells will show Indian petroglyphs that they have re-created from sites along the Smoky River in Kansas, and the Missouri River in Nebraska. Jody Fronk will have a gold display and a display of gold jewelry, artifacts, mining, coins, and history of gold is also being made from contributions from several private collections by Linda Plock and Lynn Barnett. Betty White plans on bringing her AFMS award winning thumbnail minerals as well as some of late husband Bill's lapidary work.

Silent Auction: Betty White is in charge of the silent auction. I would like for the first day's proceeds to go to NAOESCI; the second day's to the MWF endowment fund, and the third day's to the AFMS scholarship fund. Please have your contributions ready before the show.

Programs: Karen Messenger has lined up presentations on the geology of New Zealand and Curacao by Bob Diffendal; Fossil Hunters by Greg Brown; History of the Museum by George Corner, and Nebraska Geology topics by Marvin Carlson. Two other potential program speakers

have also been invited.

**Promotions:** Information packets that will be sent to all of the Federation clubs and Federation officers are now ready and will be mailed as soon as the 2008 MWF mailing list is brought up to date. We will run an ad late in March to explain the show will be in June rather than its regular March date. Fliers and discount coupons have been distributed at shows in Schuyler, Topeka, Omaha, several locations in Colorado, at our annual swap and at geology day at Pioneer Park. We will have flyers and discount coupons ready for the Kansas City show, and plan on making a presentation at the MWF council meeting in Wisconsin on March 15. Please plan on taking flyers and discount coupons to your friends, social circles, clubs, etc. to help promote show attendance.

**Displays:** Nine of the 14 contracted dealers have consented to bring displays and these will cover a broad spectrum of the rock hobby, from lapidary to minerals and gems and other areas. Members should be thinking about what they will display at the show, and should have their case, footage, and electrical requirements to Eddie Ridge as soon as possible. We will likely need to borrow some cases from the Omaha club to make up for the shortfall in our own cases. If you have a display case, please bring it and free the club cases for visiting exhibitors.

**Field Trips:** We will have several pre-meeting field trips. Tuesday the 17<sup>th</sup> to see late Paleozoic in southeast Nebraska; Wednesday, the 18<sup>th</sup> to see Cretaceous in Jefferson and Thayer counties; Tuesday or Wednesday, gravel bars on the Nemaha's; and possibly a trip to the Odell diamond site. An indoor trip to the vertebrate paleontology repository and prep room at Nebraska Hall is also planned, either Thursday, the 19<sup>th</sup>, or possibly Friday, the 20<sup>th</sup>. There will be maps available for several self-guided trips too.

Thank you for your support in this endeavor.

Roger K. Pabian

PERSHING CENTER  
ATTENTION - ACCOUNTING DEPARTMENT  
226 CENTENNIAL MALL SOUTH  
P.O. BOX 81126  
LINCOLN, NEBRASKA 68501

It comes to my attention that there is less than a year now until our Contract 106200.18 for the use of Pershing Center on March 24-25, 2007 and we need to know what the rental rate schedule will be so that the chairman can formulate a budget for said Show. Please let us know as soon as possible.

At previous events, those rental rates were \$500 for the move-in day and \$1000 per day for two days of events.

Also, for the 2006 Show, we were assessed \$0.25 per paid ticket fee.

We hope that these fees will be the same for our 2007 & 2008 Shows.

We look forward to your reply as soon as possible, and Thank You for your attention in this matter.

If you have any questions, please call me at (402)464-6089.

Sincerely,

*Vera Mae Lyman*

Dear Terri,

It comes to my attention that it is just 18 months until our Contract 106200.19 for the use of Pershing Center on June 20, 21, 22, 2008. Please note that it is a 3-day Show. We would like to know what the rental rate schedule will be so that the Show Chairman can formulate a budget of said Show. Please advise as soon as possible.

At previous events, those rental rates were \$500 for the move-in day (June 19) and \$1000 per day of events (3 days) (June 20, 21, 22)

We also understand we will be assessed \$0.25 perpaid ticket fee.

We hope these fees will be the same for our "2008" Show.

Also, please find enclosed Check #4265 for \$ 700.00 for our initial deposit for our 2007 Show, which is due on Feb 1, 2007.

We look forward to your reply and Thank You for your attention in this matter.

If you have any questions, please call me at (402)464-6089.

Sincerely,

*Vera Mae Lyman*

PERSHING  
AUDITORIUM

LEASE AGREEMENT

LINCOLN GEM & MINERAL  
FEDERATION SHOW

LINCOLN GEM & MINERAL CLUB  
JUNE 20-22, 2008  
106200.19

**PERSHING MUNICIPAL AUDITORIUM  
LEASE AGREEMENT  
106200.19**

This agreement is made and entered into this January 22, 2004 between SMG, the manager of Pershing Municipal Auditorium (AUDITORIUM) on behalf of the City of Lincoln, Nebraska, a municipal corporation (PERSHING) and:

**LINCOLN GEM AND MINERAL CLUB  
2435 SOUTH 19<sup>TH</sup> STREET  
P.O. Box 5342  
Lincoln, NE 68505  
(LESSEE)**

PERSHING and the LESSEE agree as follows:

**I. FACILITY**

**A. Grant of Use.**

PERSHING, under the terms and conditions of this Agreement, grants the LESSEE the right to occupy and use the following areas (FACILITY) within the Auditorium, for the following event:

1. commencing at 9:00 a.m. on June 20, 2008 and terminating at 5:00 p.m. on June 22, 2008.
2. Description of event: ANNUAL LINCOLN GEM & MINERAL CLUB SHOW
3. Area to be leased (FACILITY): EXHIBITION HALL

**B. Use Limited to Description**

1. PERSHING grants the use of the FACILITY relying on the LESSEES' description of the event. The LESSEES' use of the facility is strictly limited to the event described.
2. If the LESSEES' use differs in any material respect from the described event, the LESSEE is in breach of this agreement.

**C. Non-Exclusive Grant**

1. PERSHING shall retain the right to use and lease any portion of the AUDITORIUM not included in the FACILITY rented to the LESSEE
2. PERSHING also retains the right to immediately reenter, use or lease any portion of the FACILITY upon the LESSEES' breach or abandonment of this agreement. The LESSEE surrenders any claim to any receipts from PERSHING'S use after breach or abandonment even if PERSHING'S use includes the FACILITY otherwise scheduled for the LESSEES' event.

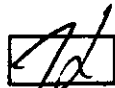

**D. Alterations to Facility**

LESSEE

Page 1 of 17

PERSHING

1. Except with the prior written consent of PERSHING, the LESSEE shall not alter, add to, deface, repair, or change the facility or grounds in any manner whatsoever.
2. Unless PERSHING otherwise agrees in writing, the LESSEE shall be solely responsible for the cost of restoration for any changes.

### **E. Conditions upon termination**

Except for reasonable wear and tear, the LESSEE shall maintain and vacate the FACILITY and AUDITORIUM grounds in as good condition as they were when the LESSEE took possession under this agreement.

### **F. Property on the Premises**

If the LESSEE or any person the LESSEE is responsible for damages property belonging to PERSHING or damages Property belonging to any third party while the property is on the FACILITY or grounds, the LESSEE shall pay to PERSHING upon demand the amount of money necessary to restore, replace or repair the property. The LESSEE is responsible for patrons or persons admitted to the FACILITY related to the event in addition to any other person the LESSEE indemnifies under this agreement or as provided by law.

### **G. Construction**

1. If the LESSEES' event requires construction or erection of any platforms, staging, equipment, or other structures, the LESSEE shall pay the costs for related construction and removal and restoration, replacement or repair to restore the FACILITY and AUDITORIUM grounds to original condition; and
2. The LESSEE shall pay the costs for any related damages to the FACILITY and AUDITORIUM grounds caused by the construction or removal.

### **A. Rate**

The LESSEE agrees to pay rent to PERSHING for the Facility as follows:

Since this event is contracted several years in advance of the actual date, the rent calculation shall be as follows:

**RENTAL RATE TO BE SET OFF THE RENTAL RATE SCHEDULE THAT IS IN USE 18 MONTHS PRIOR TO THE CONTRACTED SHOW DATE.**

### **B. Payment and Deposit**

The LESSEE shall pay a deposit in the amount of NINE HUNDRED DOLLARS, \$900.00. (\$200 is due with the return of the executed contract, and an additional \$700.00 is due on or before 4/1/2008.) Pershing will bill the client for the balance of the rent and expenses after the event.

PERSHING may require the LESSEE to pay more deposit for necessary costs PERSHING incurs or will incur related to the event.

### **C. Failure To Pay Rent**

If the LESSEE fails to pay the rent, PERSHING may keep and apply any box office receipts in the possession of PERSHING related to the LESSEES' event to the rent due.

LESSEE

Page 2 of 17

PERSHING

### III. UTILITIES

#### A. Normal Utility Services

During the period of this agreement, PERSHING will provide normal ventilation, air conditioning or heat, overhead light for ordinary use and water for PERSHING fixtures permanently installed at the AUDITORIUM

#### B. Extra Utilities

If the LESSEES' event requires more than normal utility services, the LESSEE shall pay a daily utility charge at the current rates in effect at the AUDITORIUM for the FACILITY

1. Electricity:

- a. A PERSHING approved contractor must perform all electrical work and all connections must be made by an approved PERSHING contractor.
- b. The LESSEE shall not use or allow multiple plugs such as twin sockets, cube taps, etc., or any other connection or electrical supply in violation of applicable building and safety standards including PERSHING'S current house rules.
- c. While PERSHING is under no duty to inspect electrical work or connections, PERSHING may at any time order electrical work or connections rewired to comply with applicable building and safety standards including PERSHING'S current house rules.
- d. The LESSEE shall pay for the necessary work and PERSHING may deduct reasonable charges for the work from the LESSEES' deposit or from the LESSEES' proceeds at final settlement.

2. Water:

- a. Unless otherwise specifically provided for in this agreement, PERSHING agrees to furnish a reasonable amount of water by means of the toilets, lavatories and other water related fixtures permanently installed in the AUDITORIUM, but for no other purpose.
- b. The LESSEE shall not use or allow the use of toilets, lavatories and other water related fixtures for any purpose other than the intended purpose of the fixture.
- c. The LESSEE shall not permit and shall take reasonable steps to prevent persons related to the event from:
  1. intentionally damaging the water fixtures
  2. throwing or depositing sweepings, refuse, rubbish, rags, paper or other substances into the water fixtures.
- d. Except for costs arising from reasonable wear and tear, the LESSEE shall pay the cost of repairs or other costs for damage to water fixtures that occur during the event.
- e. PERSHING may deduct reasonable charges for the related repairs or other costs from the LESSEES' deposit or from the LESSEES' proceeds at final settlement.

### IV. SETTLEMENT

#### A. Final Settlement

PERSHING and the LESSEE shall make a final settlement no later than the first business day after PERSHING presents the final billing to the LESSEE

Dear Club Members

As you may have heard the reason for missing the Federation show hosted by your club was because of Helen having extreme pain and discomfort. We had left home and were in the middle of Wyoming when she couldn't go on. I called John Harrison and told him we were turning back to Salt Lake City. After a month of extreme discomfort and 3 nights in the hospital with many visits to a wide range of doctors she has vertibie in her neck that will need fussed. They found with a MRI that she had blood clots in here leg, lungs and heart. However they have been able to give her blood thinners and such to help reduce the clots and relieve some of her discomfort.

We had hoped that we could receive a refund of \$600,00 for our booth space, as we understood it was rerented to another dealer. This would be of a great help for us as we have had many medical bills and such.

Hopefully you will give this your full attention.

Thank you

Charlie and Helen Smith

**LGMC/MWF 2008 Program Descriptions**

**Greg Brown**, Vertebrate Paleontology Chief Preparator, University of Nebraska State Museum, Lincoln, NE

**Tangled Mammoths, Ashen Rhinos, Sea Serpents and Sunken Treasure.**  
A look at some of Nebraska's most remarkable fossil discoveries.

**Marvin Carlson** (2) Professor, Conservation and Survey Division, University of Nebraska School of Natural Resources.

**Rocking Around Nebraska – We Do Have Rocks.**

What is the history and the events that put rocks in Nebraska? Here is a 4D picture of the geologic framework of Nebraska so that your collection of rocks can be put into a big picture in terms of the "where and why" specimens are found. Knowing the history of a certain rock type certainly adds to the collection and may lead to further collection sites. We will look first at the general geologic framework of Nebraska through time and space and then focus on our modern day surface and rock exposures and the rocks, minerals and fossils that they contain.

**George Corner**, Vertebrate Paleontology Collection Manager, University of Nebraska State Museum, Lincoln, NE

**Nebraska's Fossil Elephants**

15 Million Years of Elephant Evolution on the Great Plains.

**Dr. Robert Diffendal Jr.**, Professor Emeritus, Conservation and Survey Division, Lincoln, NE

**New Zealand: Lands of Geysers, Greenstones and Gandalf.**

New Zealand is the last major land area with a favorable climate that was occupied by humans. Recently, the country has been a favored and featured spot for movie locations. The islands lie on the junction between two of the earth's major tectonic plates, the Australian and the Pacific. Movements of the plates, volcanism, earthquakes and the work of rivers, glaciers and the ocean are responsible for much of the scenic beauty, geologic dangers and unique floras and faunas on the islands. This presentation will highlight some of the geologic and human history of this beautiful country.

**Dr. Robert Diffendal Jr.**, Professor Emeritus, Conservation and Survey Division, Lincoln, NE

**Curacao, Netherlands Antilles: Tropical Desert Island in the Caribbean Sea.**

Curacao is an island in the southern Caribbean Sea about 60 miles north of the coast of Venezuela. It is a rocky desert island with an unusual flora and fauna. It was and is a major center for bunkering and before that, it played a key role in the slave trade. The island has many features of interest to the traveler and to people interested in history.

**Jim Goeke**, Professor and Research Hydrologist, Conservation and Survey Division/ School of Natural Resources, Lincoln, NE.

**Nebraska's Water Resources: Past, Present and Future.**

If we do not understand and appreciate our hydrologic past, we will struggle to anticipate what is in store for us. As Sengal said, "We conserve only what we love, we love only what we understand, and we understand only what we are taught." Nebraska's surface and groundwater resources and the dynamic geologic history of Nebraska are discussed. It is through these geologic materials that its ground water is recharged, stored and transmitted.

**Dr. Greg Snow**, Associate Professor, Physics and Astronomy, University of Nebraska-Lincoln, Lincoln, NE.

**Did a Giant Asteroid Kill the Dinosaurs?**

One of Dr. Snow's hobbies is to learn about the extinction of the dinosaurs and other mass extinctions in the history of the earth. He will probe the theory that an asteroid or comet the size of Mt. Everest struck Mexico's Yucatan Peninsula 65 million years ago, creating a dust cloud that altered the earth's climate and killed the dinosaurs and 70 percent of all other living species. Dr. Snow will review other dinosaur extinction theories, which range from believable to preposterous, and he will discuss his perspective on this lively scientific debate.

**Carl and Nova Wells**, (2) Arlington, Texas.

**Why Should Rockhounds Care About Petroglyphs?**

This program is based on our experience in making the definitive collection of photos and other reproductions of Indian rock carvings in Kansas and Nebraska, and on Nova's book "Petroglyphs of the Saline River Valley, Kansas, published by the American Rock Art Research Association. This collection is being donated to the Special Collections section of the Forseyth Library at Fort Hayes State University in Kansas.

### President's Welcome

Welcome to the Lincoln Gem and Mineral Club's 50<sup>th</sup> Annual Show. In addition to being our Golden Anniversary, this show is held in conjunction with the Midwest Federation of Mineralogical Societies' and the Nebraska Association of Earth Science Clubs' annual conventions. I hope you enjoy the show. This year's displays, demonstrators, dealers, and programs are exceptional. Our club's members have worked hard over the past year to provide a wide variety of gems, minerals, and fossils that will appeal to everyone. My thanks to the committee who worked to bring this show together, along with the club members, invited exhibitors, demonstrators, speakers, and each of you visitors. Have a great time!

*Jerry Anderson*, President

### Show Chairman's Welcome

Perhaps this is your first visit to a Lincoln Gem and Mineral Club Show, or perhaps it is your 50th. We have enjoyed a half a century of putting on shows and we are looking forward to the next half century. We have experienced many changes in our hobby, from the kinds of material we collect and turn into finished gems to the changes in technology we use to collect and fashion gems. But most importantly, we have cherished our relationships with all of you who have supported our events over these 50 years. We thank you, our show visitors, for without your support, none of this would have ever been possible.

*Roger K. Pabian*, Show Chairman

## **Schedule of Events**

# Map of downtown Lincoln, Nebraska

Map by Nebraska State Historical Society

To reach the Ramada Limited South, go west from Pershing to 9<sup>th</sup> Street (6 blocks) and take U.S. Hwy. 77 (9<sup>th</sup> Street) South (left) for about 3.5 miles. Center Park Road turns left just east of the Nebraska State Penitentiary. The distance may vary slightly depending of if you take N Street or L Street to U.S. 77.

## ACCOMMODATIONS

As our Host Hotel, we have selected the **Ramada Limited South**. They will hold a block of 20 rooms at a special rate for show registrants until May 20, 2008.

## CAMPING

## Lincoln, Nebraska

Lincoln, the Capitol of Nebraska, is the second largest city in the state and the metropolitan area has a population of about 275 thousand. Lincoln is the home of the University of Nebraska and of William Jennings Bryan, the Great Commoner and two time candidate for President of the United States. We hope you will spend most of your time at the show, but the following features may provide you with a bit of different entertainment and enlightenment.

**University of Nebraska State Museum, Morrill Hall, 14<sup>th</sup> & "U" Street.** See World Famous Elephant Hall and "Pleezy", the Cretaceous Plesiosaur that was excavated and prepared by members of Lincoln Gem and Mineral Club. Eight blocks from the show.

**The Lincoln Children's Museum, 15<sup>th</sup> & "P" Street.** This is a technological treat for the younger set, and stresses technology rather than natural history. Two blocks from the show.

**Nebraska State Historical Society Museum, 15<sup>th</sup> & "P" Street,** See the History of Nebraska through permanent and rotating displays. Three blocks from the show.

**Nebraska State Capitol, 15<sup>th</sup> & "K" Street,** The center of government for the state is housed in a building that utilizes some of the world's finest ornamental stones. The mosaics are outstanding, and the large one depicting evolution of life in the capitol's rotunda should be enjoyed by every rock enthusiast. Two blocks from the show.

**Pioneer Park Nature Center,** This is a chance to become familiar with the fauna and flora of southeastern Nebraska. The park is underlain by exposures of Cretaceous age sandstone that is covered with glacial and windblown deposits of Pleistocene age. There are some thirty different kinds of soil on the park. There are many nature trails to enjoy. One quarter mile south of West Van Dorn and Coddington, five miles from show.

**Strategic Air Command Museum,** See the aircraft that won World War II. Outstanding

displays of military aircraft and spacecraft. Admission Charged. Located on I-80 about half way between Omaha and Lincoln.

**Hay Market Area, 8<sup>th</sup> and "P" Street.** Many of Lincoln's outstanding art galleries, finer restaurants and micro-breweries can be found here. Enjoy Saturday morning at the Farmer's Market and find many made in Nebraska food products, crafts, and other items there. Nine blocks from show.

**Horse Racing at State Fair Park, 17<sup>th</sup> and Military Road,** Horse racing is in full swing during the month of June. Enjoy both live and simulcast racing.

**Eagle Raceway, 13 miles east of Lincoln on U. S. Highway 34,** Thrill to the action of high speed sprint cars on the world's fastest 1/3 mile dirt track. Racing every Saturday, April though August.

**Salt Dogs Baseball,** at Haymarket Park, offers minor league baseball from May through September. The park is also home to the University of Nebraska Cornhusker baseball team, and is one of the premier small ball parks in the United States. A walkway extends from Hay Market Area above to the park.

**Sheldon Memorial Art Gallery, 12<sup>th</sup> and "R" Street,** features works by local, region, national and world artists with both permanent displays and alternating displays. The surrounding sculpture garden is a great place to relax. Live music on some evenings, eight blocks from show.

**For the non-rockhound, things to do around Lincoln.**
