This 66th Annual Show is dedicated to long-time member

Vera Lyman

Vera has been a member of Lincoln Gem & Mineral Club, Inc. for 52 years. She has worked on many of the club's committees and most notably, she was Secretary for 22 nonconsecutive years and Treasurer for 26 years. She opened her home to the Board of Directors' monthly meetings when we lost our meeting location.

Vera has been an exemplary member and volunteer, putting in countless, unrecognized hours of work for the good of the club.

Thank you, Vera!

The ever-curious John Moss in deep conversation with Greg Syslo.

John is the club's prolific photographer. Without his help, your P&S would be a boring bunch of words. So give John your thanks the next time you see him.
