Membership applications and club information sheets are available at the Club Booth at the front of the room, and at the Juniors' Booth at the back of the room. You may also find these documents on our website and submit your membership application online, paying dues electronically.

The 2027 Gem & Mineral Show will be held on
April 3 & 4, 2027
at the Sandhills Global Event Center

Show Activities!!

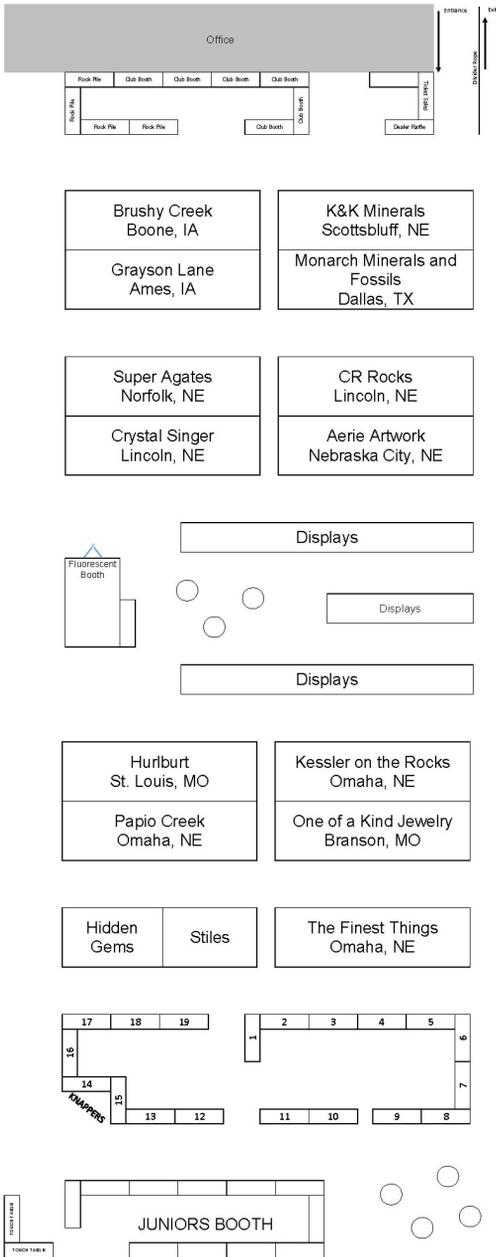

- » LGMC Youth booth! Learn the ABC's of building your own rock collection. Find invertebrate fossils. Junior Gem Dig - find small gemstones! Enjoy other hands-on activities. The Youth booth is located at the rear of the room.
- » Club Booth at the front of the room! Obtain club information, view the poster boards showing club activities, get questions answered, pick up flyers for other regional shows, and pick up an archived copy of the club newsletter.
- » Nebraska Gem Dig! Hunt the outside pile of rocks for specimens found in Nebraska.
- » Fluorescent Display – See how some plain-looking rocks light up with ultraviolet light (UV).
- » Club Rock Pile – Formerly Silent Auction. Make your offer and instantly take your purchase.
- » Learn how to make your own arrowheads with our knappers.
- » Visit the demonstration tables. There are a variety of activities to learn. See the back cover for types of demonstrations.
- » Check out our dealers. If you need something for the hobby, it should be here!
- » Check out the display cases. Submit your votes for the Best in Show and the Most Educational!
- » Most importantly, HAVE FUN!!

This Show is dedicated to long-time member

Vera Lyman

She has been a member for 52 years and has worked on many of the standing committees. Most notably, she was Secretary for 22 nonconsecutive years and Treasurer for 26 years. She opened her home to the Board of Directors' monthly meetings when we lost our meeting location.

Vera has been an exemplary member and volunteer, putting in countless, unrecognized hours of work for the good of the club.

Demonstrator Assignments

- 1-2 Jack Hoppe (Fossils)
- 3-4 Eric Fritzsch (minerals & mineral identification)
- 5-6 Jim Schmidt (glass foiling & soldering)
