

LIMESTONE DAYS FIELD TRIP

On Saturday, June 27, 18 members and family met up at the Martin Marietta mine in Weeping Water. As part of Limestone Day, Martin Marietta offered an open house and mine tour. Guests were shown a mine safety video, put in a bus, and taken on a 20 minute underground tour of the mine. It was fascinating. After the tour, we enjoyed a fantastic meal while the kids enjoyed a bounce house, face painting, and ballon artist. Please make plans to attend next year!
