YOUTH NOTES

May 7, 2001—Tomorrow I need to go to the printer and I have no copy from your leader—have these interesting ‘Word Search’ for you puzzle buffs and will have a polished agate for each of you that brings completed (or partially done) puzzle to the May meeting. That’s a promise! They are borrowed from **The Trilobite**, Wisconsin Geo.Soc.

Want to mention that I know Kay is thinking of you and hoping for some summer activities and 1st Vice President, Mr. Grant Bennett, reported his visit with the two youth at the April Meeting about such activities. A ‘field trip’ to look for crystals in Arkansas seemed to top the list. Hope something can be worked out to fit all of your interests.

Your Editor-Phyllis Parks

The President's Letter

Congratulations are in order for our scholarship winner, Mirela Dumetrescu and her husband. She gave us an excellent report on her project: The Iron budget and sulfur-iron-organic carbon relationships in condensed sections of Mancos Shale. Whew, it's worth the 500 Dollars for just the title. To paraphrase Vera, "She was a very gracious lady and thankful for the support." Mirela is welcome back anytime.

The Rockhound of the Year Award went to a very surprised Bingell family. David, Charlene, and Ariana have put a lot of time, effort and energy in helping the club. They have sponsored events, worked the annual show, and participated in many other club activities. Congratulations and Thank You.

Thanks to Vera Lyman for putting together meat/cheese tray, drinks and several dessert bars. Vera was a door prize winner. She gave her prize to our speaker Mirela. Mirela was appreciative and said she would think of the Clubs kindness when viewing the door prize.

We are going to have door prizes at the meetings, thanks to Grant Bennet. Grant has solicited extra or unused items from club members for the give away. There has been some really good cutting and polishing material handed out at the last meeting. More to come.

We have grown by one new member. Mr. Bill Wild from Bennet attended his first meeting in April. He learned of the Club from attending the annual show. He has a rock shop with cutting and polishing equipment in his home. Welcome Bill.

CLUB NEWS AND NOTES

Editor Error-I picked up the wrong phone number for **David Fields** when he sent his dues in November-Please list his home phone as **438-6014** in your 2001 Who's Who.

The April Meeting was well attended and we enjoyed the visitors--Dr. Norman Smith and his wife who escorted our Scholarship Recipient, Mirela Dumetrescu and her husband. Mirela gave us a short resume of her work for her Master's Degree and was appreciative of her award. Great snacks and cake prepared by Vera Lyman and Coffee made by Ed Ridge were enjoyed by all. Thank You to Vera & Ed and their helpers.

FAIR WARNING: to any of our Pick & Shovel regular contributors who did not get copy here in time. Our club By-Laws state that we must make every effort to put the bulletin in the mail at least 10 days before the meeting and this month's meeting is the 19th. Sorry I could not wait any longer. Thanks Vera, Jim and Susy for your copy. I really appreciate it.

Susy McMahan, who chaired the March 22nd event at State Fair Park for LGMC, received a very nice note from Diane Bartels with a picture taken by Susy's Lapidary Machine.

Some ideas to ponder.

Omaha Club having problems finding a place to have Shows. Question of having a Lincoln, Omaha Show. Can we work together - will it work?

If it doesn't, can we get back to our own place? Just Ideas!

We should all make effort to go to other Shows with displays.

No further business, Meeting was adjourned.

Respectfully submitted,

Vera Lyman

Vera Lyman, Secretary

Report on 2001 Show from Show Secretary, Club Treasurer:

Another show has been successfully carried out by a group of very dedicated Lincoln Gem and Mineral Club Members. **Jim Marburger** led the preplanning, selected the chairpersons, held the planning sessions and pulled it together. On Show Weekend Jim had to take his Shop to Colorado but left us in the very capable hands of **John Harrison**. (John has 5 LGMC Shows to his credit as Chairman as well as Building & Sites Chair for our 1974 National Show at the Fairgrounds and Treasurer Member of the Steering Committee for the 1980 National Show at Devaney Center which also utilized some of the Fairgrounds buildings. Jim has only been chairman 4 times plus an active committee head during both Nationals. Four of Jim's 2001 Committee Chairs have served as Show Chairman since 1970, one of them 8 times.)

Sharon Marburger, as Dealer Chair, assembled a great group of Dealers for us. As usual our Dealers were a great asset to the event and our Thanks goes to each one of them.

Francis Belohlavy did a superb job as Floor Chairman, revising his floor plans to accommodate each and every part of the show for the best traffic flow possible. He was on tap from early to late and had some new procedures to keep the set up moving along smoothly and quickly. With **Jerry Moore** assisting everything went like a well-oiled machine.

Special Features were the responsibility of **John Harrison** and were of exceptional quality. They each one represented true skill and devotion to the hobby.

Ed Ridge spent hours laying out the individual display spaces to make sure all tables were used to the best advantage. Besides that job Ed was at the storage spot to help load the cases and other properties for the show, helped set up cases, brought the flowers to brighten the area, set up a number of displays, then after the show worked till everything was removed from the auditorium.

Vera Lyman had prearranged for our excellent Security through out the show, had complete charge of the Ticket Sales and with help from **Jim Atkins** and a few others kept the lines moving quickly and easily into the show.

Advertising Chair, **Roger Pabian** had done a great job before the show weekend and capped it by appearing on TV at noon Friday then participating in the Remote from KFOR Saturday and arranging the presentation of 'Photo Atlas of Minerals' CD Rom to the Lincoln Public Library System with Club President **Jim Atkins**.

Grant Bennet had secured Lecturers for 6 programs and set up a good schedule.

Due to an amended contract with Pershing which let them utilize the east end of the floor until 9 PM on Friday for certain reductions in our fees, the **Youth Booth, The Flint Knapper and Pat Akins Petrified Wood** could not be set up until nearly 9 PM. These people and Floor Persons worked until the late hours to assure that all would be in readiness for Saturday Morning's Opening.

Kevin Schwartman did the ribbons and recognitions, **Shirley Rockel** manned the LGMC Information Booth along with **Grant Bennet** doing The Old Timers. **Susy McMahan** helped the Demonstrators set up and assisted in the Lapidary Class demonstrations with some of Roger's other students.

People assisting with set-up and tear-down were **Grant Bennet, Jim Atkins, Pat Akins, Ed Ridge, Kevin Schwartman, Dave Bingell, Charlene Bingell & Ariana, Bill & Shirley Rockel, Judy Reilly, Mickey Lutjeharms, Susy McMahan, Roger Pabian, Brett Jurgens, Ben Darling, Charlene Zweerink, David & Billie Heffelbower, Paul Brauch, Patirck Akins, Sr. & his wife Nancy, Kay Jurgens & Jannelle, Danny Cromer. Linda Mull Parks and son Andy Parks-Lundgren** were there to provide Jim & Phyllis with rides, carry their equipment and do errands as well as assisting in other ways and enjoying the contact with club members and seeing the show. **Pete Crawford and wife Connie** took trailer and van to the storage lot at 8 AM Friday and assisted in getting the cases, rock race and other equipment to Pershing as they have done for several years, reversing the procedure at 5 PM on Sunday until after dark. (If I've missed anyone it was because I didn't see you, check you in, realize that you were there, -or just plain forgot- and I'm sorry as heck since I like to give credit to everyone that puts time into club events.

Now look at the next page for a report on Show Income & Expenses as of 4/26/2001--Phyll
